

I. What is a Fraction

 $\frac{3}{4}$ of the cupcakes have strawberry icing**Fraction:** A number representing a _____

Color 3 of the hearts red.

What fraction of the hearts are red?

 $\frac{1}{4}$ have chocolate icing $\frac{3}{4}$ of the cupcakes have a wrapper

1.

2.

3.

4. $\frac{3}{4}$

One third

 $\frac{1}{2}$

One half

 $\frac{1}{3}$

Two thirds

 $\frac{2}{3}$

Three fifths

 $\frac{3}{5}$

Three fourths

Color all the stars green.

How many fifths of the stars are green? $\frac{5}{5}$ 

A fraction equals one when _____

5. Write a numerator of each fraction to make true statements.

$\frac{\quad}{2} = 1$

$\frac{\quad}{6} = 1$

$\frac{\quad}{5} = 1$

$\frac{\quad}{10} = 1$

6. Write 4 different fractions that equal 1.

$1 = \frac{\quad}{\quad} = \frac{\quad}{\quad} = \frac{\quad}{\quad} = \frac{\quad}{\quad}$

II. Practice
